

Project WET Facilitator Workshop

Sponsored by the Environmental Education Assoc. of South Carolina and the Phinizy Center for Water Sciences

October 23-24, 2014

Thursday 10 AM – 5 PM and Friday 9 AM - 5 PM

Phinizy Center for Water Sciences, Augusta, GA

phinizycenter.org

Join Georgia Project WET for this STEM-themed training and get submerged in the best water education resources in the world!

By becoming certified as a Project WET Facilitator you will join the national training team and help K-12th grade teachers bring more than 65 innovative, interdisciplinary activities correlated to Georgia and National Standards to students in your community. At the end of these two days you will be certified to teach Project WET to other adults through your own Educator workshops, committing to lead or assist with one Educator workshop per year.

\$60 Registration fee includes:

The Project WET Curriculum and Activity Guide, Project WET facilitator notebook, tons of educational resources, snacks and lunches both days!

1 Professional Learning Unit is available upon request.

Registration deadline is October 14, 2014

Confirmation information (including directions, lodging choices and workshop details) will be sent to all registered participants. Refund requests must be received by Oct. 14th.
