WATER EDUCATION TODAY

ENVIRONMENTAL EDUCATION WORKSHOP FOR EDUCATORS

Teaching students how to think, not what to think!

PLT's and Project WET's programs build on children's sense of wonder and provide an early foundation for developing positive impressions about nature and lifelong social and academic skills.

- This workshop is for formal and informal educators;
- Curriculum is geared toward students in Pre-K through 12th grade;
- EEASC will be awarding FREE yearly memberships as well as several activity kits as door prizes;
- Greenville County residents will receive a FREE WET activity guide and Project WET t-shirt!

Workshop approved for 12 SCDE renewal credits!

Participants will first partake in a two-hour Zoom conference in which they will get acquainted with the state PLT and WET programs. They will then complete online professional development trainings for each program individually. Participants will get access to a free electronic copy of the PLT PreK-8 activity guide. There will be an additional charge for the Project WET guide which will be purchased individually for \$40 after the initial training. Instructions on how to get the WET guide will be given during the Zoom call. Once completed, participants will receive an official certificate of completion from Project Learning Tree and Project WET.

REGISTRATION

DEADLINE: JULY 29

Register for this workshop online at <https://eeasc.org/event-3895343>.
